& Data

85% (up to a maximum of **\$13,500** CAD) of wages covered*

Open to Canadian Citizens, Permanent Resident or person who has been granted refugee status in Canada and entitled to work in Canada

Contact our CS team to meet qualified candidates and to explore wage subsidies

*Wages and mandatory employment-related costs covered for the first 12 weeks of employment.

WHAT IS ICT BOOST?

Wage Subsidies are offered as part of the ICT Boost Initiative. Funded by the Government of Canada’s Sectoral Workforce Solutions Program. Led by tech education leader Lighthouse Labs, ICT Boost aims to empower and support Canada’s growing tech sector. Its primary goal is to remove barriers and equip equity-deserving communities with the necessary skills and training to launch careers in technology. ICT Boost extends its support to employers, providing them with essential tools, subsidies, and training to create inclusive and thriving work environments for all.

WHY HIRE **LIGHTHOUSE LABS** GRADUATES

Skilled Talent

Our graduates are recognized across the tech industry for their skills and abilities — driving innovation at companies like Telus, Digital Lab, Covalent, AltaML and Ensemble Systems, among others.

Career Readiness

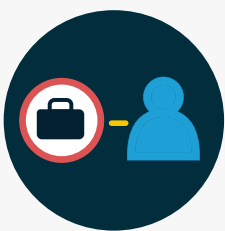

Our students are equipped with the most in-demand skills and knowledge to expertly navigate the workplace upon graduation. To understand and respond to shifting needs and expectations in real-time, our Career Services Team maintains close ties with an ever-growing network of industry contacts.

Recruiting and Screening Help

We’ll work with you throughout the hiring process. We provide assistance with resume curation, reference procurement and checking, interview scheduling, onboarding, and more.

WHY PARTNER WITH **LIGHTHOUSE LABS** CAREER SERVICES?

Candidate Matching

Through a personalized approach with every company we work with, we’ll help you find the graduate that fits your needs.

Industry Expertise

Our team is trusted by students and companies throughout the tech industry. If you’re looking for full-time employees, we’ve got you covered.

Cut Hiring Costs

Rest assured, our team selects only the most qualified candidates. With our help, you’ll avoid lengthy screening processes, saving time, money, and energy and — all at no cost to your company.
